

The road to cybersafety

Description

In commemoration of Cyber Awareness Month in October, we embarked on a Cybersecurity Awareness Roadshow to strengthen our cybersecurity and ensure our business remains safe from cybercriminals.

The event was designed to enhance our collective understanding of cyber security threats and highlight best practices to safeguard our organisation.

The roadshow visited Princeton, Louwlandia, Durban and DENIS, culminating in BLVD's Cyber Awareness Expo.

Topics under discussion included:

- Introduction to cybersecurity
- Identifying common threats
- Best practices for cyber hygiene
- Interactive Q&A session

Thank you to everyone who attended the event.

Did you know?

- The impact of cybercrime on the South African economy is estimated at R2.2 billion per annum.
- An estimated 32% of all South African companies have been affected by breaches of some sort.

Be sure to read our article, Boost your cyber wellness, to see how you can be in tip top shape to guard

against phishing.
