

## Bringing it Holmes

### Description

**We're celebrating Michael Holmes, who works as an underwriter in the back office at Medscheme, for consistently going the extra mile.**

Our people are at the heart of our business and embody the culture we need to make our vision of transforming healthcare a reality.

Michael's colleague Hester Waterston-Louw says working with him has been a pleasure, and that his efforts have been crucial to the team's success in the call centre.

"I know it can be tough sometimes, but it is really great to see the results of Michael's work. Despite his busy schedule, he always makes time to be kind and helpful towards me and my fellow colleagues," Hester says.

"You are an inspiration not only at work but in life in general, and it's been very encouraging to learn from you every day. Thank you for being my go-to person for advice. You are one of the most patient people I've ever worked with and your willingness to help me every time I come to you with questions is so appreciated," she adds.

"Thank you, Michael, for your hard work and dedication – it doesn't go unnoticed!"
