

## Whistleblowing in focus at AECI Wellness Day

### Description

The Forensics team received a warm welcome from AECI members in Modderfontein in March.

default watermark

During AECI's Wellness Day in Modderfontein, the Forensics team was on hand to provide valuable education to scheme members on various topics, such as:

- Ensuring their contact information is up to date so they can receive fraud tips and notifications about claims submitted on their medical aid
- Keeping a lookout for suspicious activities between members and providers
- Reading and understanding their member statements
- Reporting activities deemed to be suspicious or false through the available channels.

After the consultation with the Forensics representative, the members received leaflets detailing the various whistleblower reporting information channels.

The AECI members greatly appreciated the visible presence of the Forensics team, the education they provided and the interactive engagement.

Remember: report fraud and misconduct.

A graphic with a dark background. On the left, the text 'WHISTLE BLOWERS' is written in white, bold, uppercase letters. To its right is a white icon of a document with a magnifying glass over it. Further right is a blue box labeled 'FRAUD BOX' in white, with a white document icon being inserted into its top slot. To the right of the box is a grey padlock icon and a grey password field with six asterisks. The background features faint, glowing lines and a watermark that says 'don't watermark'.
