

Industry leaders connect at Bonitas brunch

Description

Bonitas Medical Fund's first-ever Bonitas Corporate Executive Brunch, held in June at The Maslow Hotel in Sandton, was a roaring success.

Hosted by Bonitas' Principal Officer, Lee Callakoppen, and Technical Marketing Actuary, Shepherd Murashiki, the event brought together esteemed individuals from the corporate world, providing a platform to share insights into the Scheme's corporate offerings and strategic direction.

Throughout the brunch, executives had the opportunity to network and converse with Bonitas representatives. Many attendees expressed their enthusiasm for the event, praising the informative, engaging nature of the discussions.

In addition to an insightful presentation, the brunch featured a superb menu that reflected Bonitas' commitment to excellence.

The Scheme believes that such gatherings offer a valuable platform for collaboration, innovation and knowledge sharing. Bonitas looks forward to continuing its journey with industry leaders and creating a healthier future for businesses and their employees.
