

Update your beneficiaries

Description

Does our Human Capital Department have the correct details regarding who will benefit in the unfortunate event of your passing?

It's not a topic anyone really wants to think about, but it can't be avoided. Death is not something that can be planned, but you can ensure your loved ones are well looked after in the unfortunate event of your passing. For your own peace of mind, kindly ensure that you have nominated a beneficiary.

Contact our Human Capital Department at employeebenefits@afrocentrichealth.com if you require further assistance in this regard.
