

## Meet your Employment Equity: Pharma Cluster representatives

### Description

We conducted the Employment Equity (EE) nominations and elections process for the Pharma Cluster in January, during which our colleagues at Pharmacy Direct and Curasana voted for a colleague they believe will best represent them in the EE forum.

The elected individuals represent various demographics, occupational levels, people with disabilities and business units.

We will be hosting EE workshops in collaboration with the Department of Employment and Labour at Pharmacy Direct to better prepare them for their new roles in the EE forum.
