

## Walking for autism

### Description

**Well done to the team from Group Forensics in Medscheme who put in the hard miles to make a difference in the life of others.**

A group of employees recently participated in a walk at Thulasizwe School of Autism in Soweto, Johannesburg, in support of autism.

“This [cause] is close to home for many, as well as in our very own department, and this was just our little way of saying we care and we are here to support you,” says Charlene Kelly, Manager: Governance and Operations at Group Forensics.
