

A warm welcome

Description

We all know how intimidating the first day can be for new employees – they don't know the lay of the land, they're unfamiliar with the processes and systems, and they don't know anyone. Here's a heartfelt shout out to Leatitia Tshali, Talent Specialist: Human Capital, for making our newbies feel welcome.

A number of new employees underwent induction training on 2-3 May and Bonolo Mongalo, Risk Specialist: Legal Governance, Risk and Compliance, reached out to thank Leatitia.

"I just want to appreciate Leatitia for a great induction programme for new employees. I felt welcome and had an opportunity to ask questions during the induction. Much appreciation to her for facilitating the program so well," Bonolo says.

The welcome was great and the address by Satish Antony, Executive Manager: Actuarial, stood out for me, especially talking about Vision 2030 – Personalised Care. He highlighted that innovation is key to achieving the group's goals.

I'm looking forward to learning and growth. Healthcare is totally new to me, but I'm eager to apply my expertise and help the business manage risks effectively.
