SUBSIDIARY SPOTLIGHT

SCRIPTPHARM

An AfroCentric Group Company

Scriptpharm is dedicated to enhancing the patient's healthcare experience with innovative solutions and exceptional service. Scriptpharm is accredited to enter into risk sharing agreements with client schemes to ensure that medicines are managed in the most cost-effective way that delivers cost certainty to clients and members alike.

Their key offerings include:

- **Medicine cost containment:** Enjoy 100% payment for your medication with Scriptpharm's efficient solutions.
- **Accessibility & convenience:** Benefit from Scriptpharm's vast network of 3 000 accredited providers across South Africa.
- **Formulary management and pricing:** Scriptpharm's formularies are cost-effective and offer appropriate medication for patient needs.
- **Comprehensive services:** From chronic medicine cost risk management to HIV and oncology, they cover it all.
- **Risk management models:** Customised to ensure budget certainty and sustainable savings.
- **Seamless integration:** Their models can be deployed with various Medical Scheme administrators.
